MR. E. E. WADDELL, of Green township, has found a new use for his apples. He makes them a jelly, and then of the cider makes a jelly. He reduced seven barrels of cider, containing forty gallons each, to 19 gallons of jelly. It is a pleasant, useful article.

We regret to learn that Rev. E. V. BING, of the Ohio Conference, M. E. Church, a native of this county, has lately been adjudged insane by the Licking County Probate Court, and sent to an Asylum.

SHOOTING.—About four o'clock on Saturday afternoon two colored men named ROBERT JONES and HENRY DAVIS, the former living in this township and the latter in Green, became involved in a quarrel in the street near LIVINGSTONE's grocery at the lower end of the city. In the "mill" JONES pulled a revolver and shot at DAVIS, but missed him and struck JACOB LONG, a German from Green township, who was getting out of his wagon to go into a store. The ball struck Mr. LONG in the shoulder, making a wound more sore than serious. JONES was soon arrested and lodged in the watch house.

Gomer Thomas vs. Joseph Hartsook and Richard Price. This was an action brought against Hartsook for having the plaintiff arrested for taking away a cow which had been levied upon by Hartsook, who was constable. Plaintiff asked \$3,000 damages. Judgment for defendant for costs.

The Grand Jury returned into court on Saturday, and having no further business were discharged. They examined eighty-six witnesses, and found twenty-indictments, as follows:—4 for petit larceny, 5 for cutting with intent to wound, murder, grand larceny, larceny and robbery, burglary and larceny, stabbing with intent to wound, horse stealing, concealing stolen horse, unlawfully taking horse, and keeping house of ill fame 1 each. Twenty-four persons are included in these indictments.

Wm. F. Butler vs. Duty Atkinson. Transcript of justice and judgment rendered thereon against defendant for \$119.86.

Wm. L. Eakins vs. Joseph S. Eakins and others. Court found that Joseph S. Eakins was seized of the premises when the judgments were rendered against him; premises ordered sold and judgments to be paid in order of priority of rendition.

State vs. Matthew Mooney. Obstructing highway. Nollid.

Same vs. Reuben Friley and Nancy Collins. Assault and stabbing with intent to wound. Nollid as to Friley.

Same vs. Nancy Collins, Reuben Friley, Matilda Collins and John Collins. Stabbing with intent to kill. Same entry.

The Grand Jury submitted the following jail report:

We found the jail in good order and apparently well kept, and in as good state and condition as the circumstances of the building will permit; heard no complaint of treatment, diet or accommodations of the prisoners, only such as grow out of the nature and circumstances of the building itself. The building is far from being what a prison should be. It is radically defective, and cannot be repaired or improved to make it what it should be without great expense, probably equal to the expense of a new structure. In our opinion a new jail should be built. We found that the rules prescribed for the regulation and keeping of jails have been faithfully kept and observed, and did not find that any of the provisions of the Act for the regulations of county jails have been violated.

Land Sales.

Sheriff STUART on Monday made the following sales of land:

The first tract in the case of Wm. L. Morton's adm'r vs. Jno. T. Irion et al., containing seventy-one acres, was sold to Maria L. Irion for \$836.25. Appraisement, \$1254.23.

The second tract, containing twenty acres, was sold to Elizabeth R. Calahan for \$300. Appraisement \$340.

The land, one hundred and sixty acres, in the case of Douglas Putnam vs. James H. M. Montgomery et al., was sold to plaintiff for \$832. Appraisement \$1248.

Mr. Moses ROUSE, of Morgan township, sends us three sweet potatoes, the product of one hill, which weigh about nine pounds. They are good to look at and good to eat.

THERE was a balloon ascension on Monday evening. An attaché of a show went up in it. It landed in the willows just across the river.

Mr. H. J. VANDEN represented Morning Dawn Lodge, F. A. M. in the Grand Lodge this year.

WHERE collections from July 15 to Oct. 1, amount to \$560 95.

### THE WAY OF THE TRANS- GRESSOR, &c.

Respectfully Dedicated to the Hon. JOHN L. VANCE, by the printers of Washington City:

My dear Mr. Vance,

I see at a glance,

How deeply you love to repeat

Your copious last winter,

Toward the poor printer—

The cause of your little defeat.

Indeed you were cruel,

To think bread and gruel,

Quantum sufficit for us;

And that pudding and beef,

Would bring the country to grief,

And put on our bellies a pua.

To remedy the fault,

And lower the malt,

You said that you knew a good way;

And the Government so poor,

Would rejoice, you were sure,

To give us half rations per day.

To know you were right,

Us poor printers to fight—

And take all the meat from the bone,

Was proved in your mind,

By the voters so kind,

Who will keep you, dear Johnnie, at home.

I see by the Baltimore Sun,

Which, indeed, is a very good pun,

And one which we can't misconstrue—

That what spoiled your honey,

Was Clapp and his money—

The idea—to beat men like you.

Why! the people have sense,

And would not take the pence

That was offered to cut down their bread;

But would rally and say,

We can't starve to-day—

For a man that's politically dead.

### Neighborhood News.

Rev. George Cherington, the M. E. minister moved his family to this place from Letart, Meigs county, O., last Friday. We welcome him among us and may his sojourn here among us be a pleasant one.—Hampden Leader.

Abraham Johnson, living two miles northwest of this place was killed this forenoon while working on a bridge over Little Racoon, two and a half miles east of Berlin, Jackson county. A heavy stone was being raised with a derrick, when one of the guy ropes broke letting the derrick fall on him killing him instantly. Mr. Johnson was there at the time overseeing the work, he being one of the Commissioners of the county.—Same.

Wat. Athey, a young man well known in this vicinity, met with an accident on last Friday night which resulted in his death on Saturday morning. He had been drinking in town during the day and about midnight was on his way to Pomeroy. At the Dabney Furnace, by some means he fell into one of the salt grainers and was so badly scalded that the flesh fell from his limbs when he was assisted out of the boiling water by the watchman.—Middleport Herald.

The United States Grand Jury found a true bill against J. J. Martin for robbing the U. S. Mail between here and Pomeroy. Mr. Martin was taken out on bail, and failed to put in an appearance. It is believed that he has jumped his bail and will not show up to stand trial.—Pomeroy Valley Blade.

MR. CHARLES SEMON, Court street, has inaugurated the oyster season. He receives direct from Baltimore, by express, always fresh, and can accommodate families and others by the can at low prices. He is also prepared to serve them to customers by the dozen, or more, in good style.

We do not believe in every little office in the community being made a subject of politics, and do not like to see party lines drawn on our local and municipal questions, at least, closely; but if our School Board must vie with the Central Committee of the Republican party, in its efforts to sustain the party, and the Public Schools be "run" in the interest of the party, we say let the lines be drawn and the fight begin.—Bulletin.

We do not know what the particular "grievance" is in this case, but we are satisfied that the attempt at "intimidation" will fail. Such threats may succeed in Mississippi and South Carolina, but in Gallipolis, where the sentiment of free speech, and a free ballot, rule, the people "don't scare worth a cent" at such things. Let it be understood that the Republicans of this city are able to take care of themselves, and are not to be driven to vote against their convictions by democratic terrorism in any form or shape.

Grand Ball and Supper, To be given by the G. V. F. Department, Oct. 27th, to celebrate their Fifth Anniversary.

A cordial invitation is extended to all. Come Everybody! and have a good time.

Dance to be at ALBESIRE's Hall.

Supper at LEOPOLD FRANK's Hall.

No gentleman admitted without a lady.

Admission fifty cents per couple, including supper.

Committee on Dance.—P. B. Pritchett, Wm. Gatewood, F. B. Cole, Wm. Kling, F. W. Dages, John Calvin.

Rec. Committee on Dance.—E. Geisler and E. P. Ralph.

Floor Managers.—Wm. Gatewood, Wm. Kling, F. B. Cole.

Committee on Supper.—W. F. Jolly, Thos. Hoff, Fred. Kuhn, Wm. Curry and Fred. Kaulerscher.

Rec. Committee on Supper.—Wm. Lawson and Chas. Clendinen.

Persons donating are requested to have ready what they have subscribed, on Friday morning, Oct. 27th, and the committee will call for same.

Members of the Department are expected to wear their uniforms.

MR. JAMES HOPKINS, this city, had his shoulder dislocated, by a fall, while repairing a cistern for Dr. BADGLEY.

### A son of a Republican official in this city showed his raising at a Democratic meeting last week by spitting on a colored man present who had declared his intention of voting for Vance. The Republicans all smiled and thought it very funny. This is the party of free speech and great moral ideas.—Bulletin.

That "son of a Republican official" desires us to pronounce this statement false. It turns out, upon investigation, we are informed, that the "son" who did the "spitting" comes from a democratic family. So much for the statements of the Bulletin.

"BLUE-JEANS" WILLIAMS' majority in Indiana is 5,600.—Bulletin.

Mistaken, as usual. Williams has no majority at all. The United Republican and greenback vote was 7,107 more than the Democratic vote, leaving Williams a plurality Governor. The Democrats have lost some 24,000 votes since last year, and some 8,000 since 1872. If that is worth crowing over, we can't see it.

The Ohio Valley Medical Association.

The next regular semi-annual session of this Society will be held at Huntington, W. Va., on Wednesday, November 8th, 1876. A full attendance of members and physicians eligible for membership is desired, and a cordial invitation is extended to all to be present.

Members who have papers or communications which they desire to bring before the Association, are requested to send the title of the same, at once, to the President, Dr. REUBEN A. VANCE, Gallipolis, Ohio, so that a place may be assigned them in the order of business.

Those who have communications to make to the meeting, but cannot attend personally, are requested to send their manuscript to Dr. VANCE.

## THE MEDICINE THAT CURES

### VEGETINE

Taking into consideration the character of its virtues, the history of its cures and the immense increasing demand, VEGETINE may be fairly entitled the leading medicine of the age.

For scrofula in the blood, VEGETINE is an infallible remedy, and no person need suffer from tumors, ulcers, and all diseases arising from impure blood, if VEGETINE is used according to directions. There is not a case of scrofula existence that VEGETINE will not cure, provided, however the vital functions have not lost their power of action, all that need be said to the contrary notwithstanding.

VEGETINE is pleasant to the taste, mild in its influence, and absolute in its action on disease, as the following unquestionable evidence will show.

PAID NEARLY \$400.00!!

JANUARY 2, 1876.

H. R. STEVENS, Esq.

Dear Sir: When about six months ago I was vaccinated, the parties who were vaccinated from the same virus died from the humor. The humor spread over me to such an extent that I was obliged to prevent me from scratching my person. The disease finally settled in my head. I remained in this condition about twenty years, but my head and discharging corruption from my ear. At this time a small cancer appeared on my neck, gradually increasing in size until a tumor formed of such immense size I could see it by turning my eyes downward. All this time I was taking various remedies for my blood without any substantial benefit.

I then went to a prominent physician in Boston who, during his treatment of six months, lanced the tumor eight times, which cost me nearly \$400. This left me with a rough, aggravated sore, without at all diminishing the size of the tumor, and in a sickly, feeble condition. I was obliged to leave my home, and after considerable time, succeeded in healing the sore without reducing the size. At this point I commenced to use VEGETINE, through the earnest persuasion of a friend. After I had taken this medicine about one week I experienced wonderful sensations. My whole body seemed to be undergoing a radical change, until, finally, the tumor broke and discharged fruitful quantities. From this time it decreased in size until the bunch disappeared, and I feel much better. I am now healthy and strong and able to work every day.

I want to mention that I have been an acute sufferer from inflammatory rheumatism ever since I can remember, until commencing the use of VEGETINE it has almost immediately all rheumatism ceased. This statement I volunteer for the purpose of benefiting others suffering humanity, and you will confer a favor by its use as much publicity as thought proper.

Very gratefully,  
O. M. SAVELS, Ashland, Mass.

### What is Vegetine?

It is a compound extracted from barks, roots and herbs. It is nature's remedy for all diseases arising from impure blood, and is perfectly harmless from any bad effect upon the system. It is nourishing and strengthening. It acts directly upon the blood. It quiets the nervous system. It gives you a good sweet sleep at night. It is a great purifier for aged fathers and mothers, for it gives them strength, quiets their nerves, and gives them nature's sweet sleep—as has been proved by many an aged person. It is the great Blood Purifier. It is a soothing remedy for our children. It has relieved and cured thousands. It is very pleasant to take; every child likes it. It relieves and cures all diseases originating from impure blood. Try the Vegetine. Give it a fair trial for your complaints; then you will say to your friend, neighbor and acquaintance, "Try it. It has cured me."

### Report from a Practical Chemist and Apothecary.

Boston, Jan. 1, 1874.

Dear Sir: This is to certify that I have sold at retail 154 1/2 dozen (1852 bottles) of your VEGETINE since April 12, 1870, and can truly say that it has given me the most satisfaction of any remedy for the complaints for which it is recommended that I ever sold. Scarcely a day passes without some of my customers testifying to its merits on themselves, and I feel perfectly cognizant of several cases of scrofulous tumors being cured by VEGETINE alone in this vicinity.

Very respectfully yours,  
AL GILMAN, 488 Broadway.

To H. R. STEVENS, Esq.

Vegetine is sold by All Druggists.

### The friends of our late beloved pastor, Bro. BATTLE, will no doubt be much gratified to learn of the kind and generous reception that he was met with at Logan, his new field of labor. He was met at the depot by friends, with an omnibus, and conveyed to good quarters, and in a few evenings had the pleasure of meeting a large number of his members at the parsonage, who supplied them with a large quantity of all kinds of provisions, sufficient to last them some length of time. They are much pleased with all the surroundings of their new home. There was much sadness of heart felt here by many at parting with Brother BATTLE, and we were truly rejoiced to learn that he had been so fortunate as to have his lot cast among a people who show by such acts such a spirit of christian generosity, for God's grace in the heart strips us of selfishness and penuriousness, and renders such opportunities not only a duty, but a privilege. They will find Bro. BATTLE a faithful watchman on the walls of Zion—ever pointing to the straight and narrow way that leads to a heaven of eternal rest.

MANY FRIENDS.

### Be Not Deceived.

Advices received at Republican headquarters, Columbus, indicate that a part of the Democratic programme for Ohio is to put into the field scratched Republican electoral tickets, with the name of one or more Republican nominees scratched, and the name of Judge Lang and perhaps other Democratic nominees substituted.

THE Board of Bishops of the African Methodist Episcopal Church, convened in Baltimore Saturday.

GENERAL J. D. COX is to take the stump in the State at Large.

### WONDERFUL FOR EVERY ONE

Who wishes to save money, by buying clothing this winter, ought to examine A. MOCH'S stock before buying elsewhere. He can beat anybody and everybody in this section of country, in his line. He did not buy his goods for cash, as others have; but bought them on a very long credit, and expects never to pay for them. He, therefore, has the advantage over all others. So, if you want to save MONEY, buy your Clothing of A. MOCH, and they will not cost you over 50 cts. on the dollar.

Cross and sickly children can be made healthy and strong by regulating their stomachs and bowels with Castoria. It is more effective than Castor Oil and is as pleasant to take as honey. For Wind Colic, Sour Stomach, Worms and Constiveness, there is nothing in existence equal to Castoria.

Why will you suffer from Rheumatism, Sprains, Stiff Joints, Swellings, Burns, Scalds or Weak Back, when the Centaur Liniment affords certain relief. Many articles sold pain to a certain extent, but the Centaur Liniment cures. The White Liniment is for the human family, the Yellow Liniment is for horses and animals.

Dyspepsia.

Americans are particularly subject to this disease and its effects: such as Sour Stomach, Sick Headache, Habitual Constiveness, Heart-bruise, Water-brash, coming up of the food, coated tongue, disagreeable taste in the mouth, palpitation of the Heart and all diseases of the Stomach and Liver. Two doses of GREEN'S AUGUST FLOWER will relieve you at once, and there positively is not a case in the United States it will not cure. If you doubt this go to your Druggist and get a Sample Bottle for 10 cents and try it. Regular size 75 cents.
